

## **Blessing Your Sacred Contract**

*Your sacred contract is your most sacred agreement of higher purpose for attaining your eternal goals. This prebirth soul contract between immortal beings, recorded in your akashic records and stored within your DNA, is negotiated from an enlightened perspective of eternal vision between your higher self and the karmic council of divine wisdom. Your eternal soul is completely aware of your sacred contract and issues reminders to your conscious awareness in the form of intuition, inspiration and ingenuity. Journaling these sacred thoughts, feelings and inspirations helps to guide you in the fulfillment of the sacred contract that you chose and agreed upon by keeping these inner desires of your most high calling at the core of your awareness and reasoning.*

### **Clearing**

Clear yourself and the physical space prepared for the blessing with energetic clearing, smudging and calling upon celestial beings.

### **Anointing**

Anoint your written, prepared sacred contract, journal or list with a drop of consecrated oil or spritz of blessing spray.

### **Blessing**

State your intent with this or similar wording:

"Through this sacred anointing by the power and authority of the most high, I bless and sanctify this sacred contract set forth and agreed upon before the foundations of the earth, and I renew my sacred agreements made herein. I call upon celestial beings, holy angels and archangels, beings of light, divine energies and spirit guides to seal this blessing and to aid in the fulfillment of these most sacred agreements. I honor my soul contract and uphold its solemnity. I accept my divine callings and call forth blessings in the administration of this sacred mission. I acknowledge and approve the divine charge which I have agreed upon. I agree and call upon Divine Source to seal and confirm this consecration of this sacred contract in the name of the most high. Amen (and so it is)."
