

Blessing for Divine Communication

*In the birth of the soul light came into being.
I ask this blessing.
Inspire my thoughts.
Enlighten my mind and soul.
Breathe peace through me.
Spread the breath of hope across the world.
Project a vision of grace through my mind's eye.
Heal the souls of my brothers and sisters through the love
that pours through my heart from Divine Source.
Instill in me the stillness of celestial tranquility.
Shine forth from my countenance the peace
to calm the soul and bless the world.
Let light fill the hearts of those around me
and beam across the globe through every sinew and space.
Let light be our covering and our grace.
Shower us with the inspiration of Divine Communication
that inspired words may pour from our hearts and souls.*
